Q. How do I increase my chances of acceptance?

A. When you enquire about a booking and the date is available, after confirming with you, we place your name on our website; you then email your friends and have them vote for you. The more independent votes placed (1 vote per day per IP address), the higher the chance of acceptance.

Q. When will each vote be closed?

A. 3 months prior to the Wedding date you are applying for.

Q. What if I am being married before the 3 month vote close?

A. Apply for the date, receive at least 1000 votes from your friends and you will have the same acceptance chance as those that have more time available.
